Did You Know? Sunriver, Oregon

1

The name Sunriver was selected by developers John Gray and Donald V. McCallum in 1968.

2

Sunriver is located on the grounds of the former Camp Abbot, a World War II training facility designed to train combat engineers in a simulated combat environment. The U.S. Army camp opened in 1942, but by June 1944, the camp was abandoned and most of the settlement was razed.

3

Sunriver was also the site of the pioneer Shonquest Ranch. Sunriver post office was established on July 18, 1969, at the same time the public facilities were opened.

4

Sunriver and all of Oregon has no sales tax.

5

Oregon is one of only two states where you can't pump your own gas (New Jersey being the other).

6

Permanent population of approximately 1,700 though during high peak season it may increase to upwards of 20,000.

7

This region experiences warm (but not hot) and dry summers, with no average monthly temperatures above 71.6 °F. According to the Koppen Climate Classification system, Sunriver has a warm-summer Mediterranean climate, abbreviated "Csb" on climate maps.

8

Sunriver Airport is a public use airport located one nautical mile (2 km) west of the central business district of Sunriver. It is privately owned by Sunriver Resort, L.P. This airport is included in the National Plan of Integrated Airport Systems for 2011-2015, which categorized it as a general aviation facility.

9

Sunriver Observatory is an astronomical observatory operated by the not-for-profit Sunriver Nature Center & Observatory in Sunriver, Oregon. The observatory has 11 telescopes. In July 2012, the observatory was renamed the Oregon Observatory at Sunriver.

10

Sunriver's elevation is at 4,164 ft (1,269.2 m.)

11

Sunriver has over 35 miles of paved bike paths.

12

Average commute time is 32 minutes. The National Average is 25 minutes to Bend

About Sunriver

Sunriver is nestled on 3,300 acres next to the Deschutes River in Central Oregon's High Desert. It is a resort-residential community that features year-round activities from skiing at Mount Bachelor, ice skating and snow-shoeing, to golfing, rafting, horseback riding and hiking. Sunriver's newest feature is the SHARC (Sunriver Homeowner's Aquatic and Recreation Center) which features water slides, a lazy river, baby-friendly area, and indoor pool and fitness center. During the summer months, Sunriver is host to music and art festivals and the Pacific Crest Sports Festival in June. The Village at Sunriver has a variety of shops and fine to casual dining.

Sunriver is located on the former Camp Abbot grounds, a World War II training facility. The camp opened in 1942 and closed by June 1944. In 1965, developers John Gray and Donald V. McCallum bought the land, chose the name "Sunriver" and began planning. The Officer's Club from Camp Abbot was renovated and is now the Great Hall at Sunriver Resort. Gray and McCallum wanted a resort and residential community focused on maintaining the environment, limiting the number of homesites and minimal landscaping.

Sunriver sits at approximately 4200 feet, to the east of the Cascade Range. We enjoy low humidity levels and a dry, high desert climate. Our region experiences warm and dry summers with average temperatures in the 70s and 80s – the days are warm and the evenings are cool. Since we are east of the Cascades, most of our precipitation arrives in the form of snow in the winter months – November through late March/early April. Sunriver averages 34 inches of snow per year as compared to nearby Mount Bachelor, which receives about 370 inches per year.
